Sustainable Florida | 2014 Best Practice Award Winner For outstanding achievements and excellence in helping to create a sustainable economic, environmental and social future for Florida.

Tammy and Eric came to The Mustard Seed of Central Florida in dire straits after a year and a half of being homeless. They finally saved up enough to afford a small rental. They came to get furniture and housewares from TMS, but what they received was far more profound. They left with hope. They are so happy not to have to sleep on the floor or the streets anymore. They said they feel empowered to move out of poverty into a more comfortable and prosperous lifestyle. The Mustard Seed was their defining moment.
